

COLORIFIC SOL FRESH CARTRIDGE

Colorific SOL FRESH is a high quality, solvent-based, pigment ink developed specifically for modified Uniform printers including: Uniform Cadet, Uniform Grenadier, other similarly modified Uniform printers. Available in both cartridges and in litre bottles.

FEATURES & BENEFITS

- High end pigment for 2 years outdoor durability
- Low odor that fits unventilated working environments
- Vibrant colours for increased colour gamut
- Small pigment particle size for keeping the printheads clean and avoiding nozzle deflection
- Compatible with standard substrates (PVC, SAV, Paper, Textile)
- Fast drying time for best performance
- Enhanced print adhesion and chemical resistance
- ICC profiles available for a wide range of substrates for all printers
- Organic solvent for a safer working environment

Quality control (ISO 9002)

- Colorific guarantees product consistency batch after batch (colour density, viscosity, particle size...)

PART NUMBERS (ink bottles & refill)

• PRODUCT NAME • COLOUR • BOTTLE SIZE • PART #

Colorific Sol Fresh	C	0,440	I UN/C/F4
Colorific Sol Fresh	M	0,440	I UN/M/F4
Colorific Sol Fresh	Y	0,440	I UN/Y/F4
Colorific Sol Fresh	K	0,440	I UN/K/F4
Colorific Sol Fresh	LC	0,440	I UN/LC/F4
Colorific Sol Fresh	LM	0,440	I UN/LM/F4
Colorific Sol Fresh	CF	0,440	I UN/CF/F4

UNIQUE COMPREHENSIVE WARRANTY

- Colorific guarantees that Colorific inks are formulated for best performance on the specified printers
- Colorific guarantees outdoor durability of 2 years without clear-coat and 5 years with Colorific clear-coat

INSTALLATION INSTRUCTIONS

Colorific Sol Fresh cartridges can be used on Uniform printers including Cadet, Grenadier and other similarly modified units.

- Fresh ink is a direct replacement for Uniform Citrosol ink
- No flushing of ink supply is required
- Colorific Fresh and Uniform Citrosol inks are both chemically identical and come off the same production line
- ICC profiles are available on www.colorificink.com
